## Employment History

### Web-Scraper & Front-End Developer, Osmosys, Hyderabad

April 2019 - Present

Osmosys Software Solutions is a leading IT staffing, IT talent management and IT services firm.

As the Front End Developer, my core activities include

- Building stable and maintainable codebases using React.
- Recommending solutions for a streamlined, user-friendly interface with the Design team.
- Performing bug fixes and code reviews.
- Ensuring proper documentation and reports in all stages of product life cycles.

And as a Web Scraper, my core activities include

- Understanding the project requirement and guide the team accordingly.
- Manage the resources for different projects and deliver the data on scheduled time.
- Interaction with clients & customers regularly.
- Resolve team's technical issues and keep the pace of deliveries of projects.

### Front-End Developer, S2P Solutions, Nagpur

August 2018 - March 2019

S2P Solutions is a staffing and recruiting agency. As the Front End Developer, my core activities included

- Implementing a mobile-first approach to existing websites.
- Collaborating with designers to ensure designs were efficient and technically sound
- Creating modular, responsive templates using modern CSS techniques and JavaScript libraries.
- Leveraging responsive web frameworks to complete deliverable ahead of Schedules.
